

Lionsonoz in Action

Australian Lionsonoz member Lion Trish Hyatt and her husband Lion Syd of the Ingleburn Lions Club attended the Charter Night of District N1s newest Lions Club, The Lions Club of Sydney Military. The new Lions Club is to be renamed the Lions Club of Sydney Military and Emergency Services.

The new Lions Club chartered with 38 members, a number of whom hold close affiliations with St John Ambulance and others with various military services.

The N5 District Governor Lion Alvio Munzone performed the inductions and presented the new Club with its Charter. A highlight of the evening was the delightful piano recital by the Charter President Lion Jason Li who is also a resident pianist at the Australian Golf Club where the function was held.

The new Club plans to focus on a project supplying food, practical and emotional support to Sydney's homeless and needy with particular consideration being given to ex-service personnel who may be experiencing hard times. This was given a huge boost on the evening with the donation of a refrigerated body for the "Outreach" truck they are working towards obtaining.

Lion Trish Hyatt of Lionsonoz has 42 years service with St John Ambulance and is currently a St John Chaplain.
